Ananya Reddy

Pune | ananya.reddy@email.com | +91-9876543212

PROFESSIONAL SUMMARY

AI Engineer with 2 years experience in machine learning and emerging expertise in Generative AI. Currently transitioning to LLM-focused development.

TECHNICAL SKILLS

- Python
- OpenAI GPT
- Basic RAG
- Prompt Engineering
- Scikit-learn
- TensorFlow
- Data Processing
- REST APIs
- Docker
- Git

WORK EXPERIENCE

AI Engineer
CloudTech Systems
May 2023 - Present

- Developed chatbot using OpenAI API and basic RAG principles
- Created prompt templates for customer service automation
- Integrated GPT-4 into existing applications
- Working with vector embeddings for similarity search

ML Engineer
Analytics Pro
Jul 2022 - Apr 2023

- Built predictive models using classical ML algorithms
- Deployed models using Flask and Docker
- Some exposure to NLP and text classification

EDUCATION

M.Tech in Computer Science, NIT Trichy (2022)

CERTIFICATIONS

- Machine Learning Specialization (Coursera)
- Introduction to Generative AI (Google)

KEY PROJECTS

- Customer Support Chatbot - GPT-3.5 powered assistant with basic context
- Document Classifier - NLP-based document categorization system
